CSS:

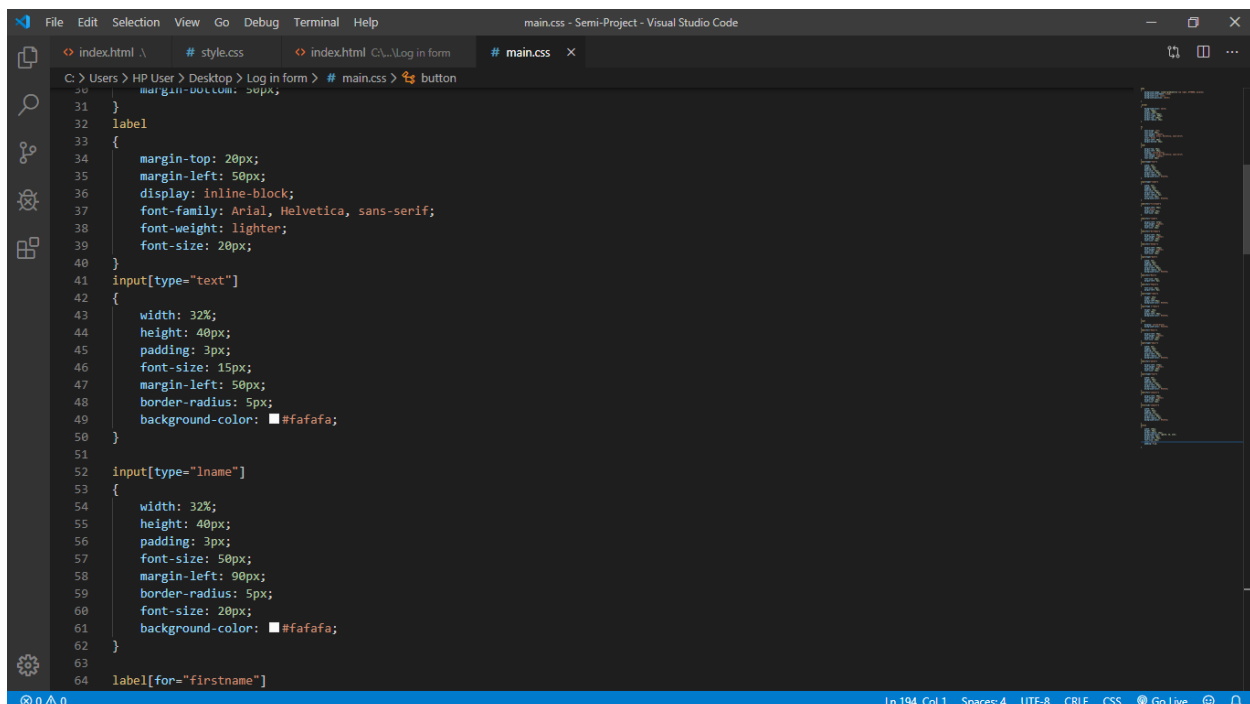

```
1 body
2 {
3     background-image: linear-gradient(to top right, #ff0000, purple);
4     background-attachment: fixed;
5     background-size: cover;
6     background-position: center;
7 }
8
9
10 .border
11 {
12     margin: 10px;
13 }
14
15
16 h1
17 {
18     text-align: left;
19     font-size: 30px;
20     font-weight: lighter;
21     font-family: Arial, Helvetica, sans-serif;
22     color: black;
23     margin-left: 50px;
24     margin-bottom: 50px;
25 }
26
27
28 label
29 {
30     margin-top: 20px;
31     margin-left: 50px;
32 }
```

Shorthand property to set values the thickness of the margin area. If left is omitted, it is the same as right. If bottom is omitted it is the same as top, if right is omitted it is the same as top. Negative values for margin properties are allowed, but there may be implementation-specific limits..

Syntax: <length> | <percentage> | auto

MDN Reference

```

OUTPUT:

The image shows a web browser window with a dark theme. The address bar displays the file path: `file:///C:/Users/HP%20User/Documents/Programming%20files/HTML/Merto%20HTML/index.html`. The browser has two tabs: 'Document' and 'Merto'. The main content area features a registration form titled 'Registration Form' centered on a white background with rounded corners. The form is set against a vibrant pink-to-purple gradient background. The form fields include: 'First Name' and 'Last Name' (text inputs), 'Birthday' (a date picker), 'Gender' (radio buttons for 'Male' and 'Female', with 'Male' selected), 'Email' and 'Phone Number' (text inputs), and 'Subject' (a dropdown menu with 'Choose option' selected). A blue 'Submit' button is positioned at the bottom of the form.
